

# ACTUARY

## WHAT ARE THE ODDS THIS CAREER IS FOR YOU?

Do you know where Tornado Alley is? You would if you were an actuary. You'd also know which places are most like to have natural disasters and which types of people are most likely to get injured or seriously ill. Actuaries are financial advisors who are experts at determining risk. They help insurance companies decide how much to charge people and businesses for different types of insurance. Actuaries use a blend of STEM and business skills. This career requires a bachelor's degree and skills in math, business, and problem-solving. It often makes the list of best careers for pay, work/life balance, and overall job satisfaction.
